ELECTRICITY AND WATER USAGE

By reading the meters we can calculate what costs you have incurred during your stay. Don't be alarmed. With normal use of water and electricity you'll stay well within maximum limits.

Please bear in mind that electricity & water are very expensive on the island, please do not use unnecessary water and turn off your air conditioning when you leave your apartment.

WIFI CODE

The WiFi code is **BonBini + complete apartment number**, no spaces between, capital letter sensitive.

POOL RULES

The swimming pool is open for Palm Crest guests only, between 08:00 AM and 20:00 PM in order to avoid any disturbance. Before entering the swimming pool please make use of the outdoor shower.

It is not allowed to take any glassware or tableware in and around the pool due to damages and risks. Please never leave children unattended in or around the pool. The use of the pool is at your own risk.

GARBAGE AND PEST CONTROL

Frequently we do pest control. In spite of that, you may notice ants, cockroaches, fruit flies, etc. in your apartment and or around the complex.

Our advice is to keep all your food in the fridge or in well-sealed drums. In the tropics, the insects always know where to find your food waste, so make sure you always keep your stay as free as possible from it.

If you still have problems, you can find pesticides at every supermarket.

GUESTS COMMENTS

We do our utmost to make your stay as pleasant as possible. In case of recommendations and or suggestions please let us know via info@palmcrestcuracao.com.

DIRECTIONS FROM HATO AIRPORT TO PALM CREST IN BRAKKEPUT ABOU, JAN THIEL

When you leave the Hato parking lot, turn left at the T-junction towards St. Maria / Rio Canario. You keep following the road, at the traffic lights you continue straight ahead. After about 5 km you will come to a roundabout. At the roundabout, take the 2nd option to the right, this is the road to Punda. **Please call the property manager here (+5999 843 99 07) so they are informed you have almost arrived at Palm Crest Apartments.** You keep driving straight ahead. After about 5 km you cross a high bridge, the Queen Juliana Bridge, which gives a beautiful view about Willemstad. You keep going straight ahead until you reach Kentucky Fried Chicken on your right side. Here you turn right. You then have the Mc Donalds on your left and the Kentucky Fried Chicken on your right. You drive a few hundred meters to a small roundabout, cross this roundabout and go left. You are now on the Caracasbaaiweg and you can continue on this road.

On the next roundabout you take the first exit (straight ahead). You now drive for about 4 km straight until you see on the left side the street "Brakkeput Abou". This is the last street you can go left before you reach the roundabout. Follow the road going up the hill and take the first left (on top of the hill).

After 500m you will reach Palm Crest at your left side.
